

RC-300C Series

18-Slot 4U Rack Mount Card Cage

OVERVIEW

RC-300C Series card cage supports the combination of up to 18 pieces of 1/2/4 channels and 9 pieces of 8 channels of video or video/data output modules. The rack mount chassis employs 110/220 VAC Switching Mode Power Supply (SMPS) design, which reduces the possibility of a single module failure causing a shutdown or a major failure of other modules within the chassis rack. The high reliability and stability ensures that if one module shuts down, the operation of the other modules remains unimpaired. The hot-pluggable and adjustment free design ensures the convenience of the installation and operation.

SPECIFICATIONS

Power Supply	110/220 V AC
Power (to each module)	5VDC / 400mA
Power Consumption	36W
Size	485 x 300 x 135mm
Slots	18 Slots
Construction:	Aluminum

FEATURES

- 19 Inch Rack Mount
- Up to 18 Card Slots with Dual Power Supplies
- Dual Switched-mode Power Supply Design
- 110/220VAC Switching Mode Power Supply
- Plug-and-play Design with No Adjustment Required
- Hot-pluggable Rack Module

APPLICATIONS

- CCTV(Fixed & PTZ Video)
- Intelligent transportation systems (ITS)
- Security and surveillance
- Access Control

Finish:	Black Paint
Shipping Weight:	< 15kg / 33 lbs
MTBF	> 100,000 hours
Operating Temp	-35° C to + 50°C
Storage Temp	-40° C to +85°C
Relative Humidity	0% to 95% (no condensing)
